Dear Parents and Carers,

Cake Sale And Non-Uniform Day

A huge thank you to all who baked such fabulous cakes and biscuits for our cake sale before half term, and to those who supported the event by buying so many. We raised a fantastic **£70.00**, which we will use to help offset transport costs for upcoming trips!

Parents' Evenings

We have brought forward Parents' Evenings from 2nd December to next week, as December felt too long off and too near to Xmas with all the other festive activities at school and at home.

Parents' Evenings will take place next **Tuesday 12th** and **Thursday 14th** after school. Please complete and return the appointment booking slip **on Monday** so that we can organise a schedule and confirm to you when your appointment is.

I appreciate that this is short notice, and this is why we texted in advance on Wednesday. Even so, next week may not be convenient for some. If this is the case, simply let us know, and we will arrange a mutually convenient appointment with your child's Class Teacher. We are always happy to discuss your child's learning with you.

Eco Week

We did our school litter pick...

The children will be creating a fashion show, using recycled materials next week. This week, to emphasise our re-cycling message, we have launched our quest to collect plastic bottle tops so that we can create some artwork along these lines ... please send in what you can.

Health Matters

As many of you are no doubt already aware, Lucien has been really poorly and after hospitalisation has been diagnosed with glandular fever. He will not be returning to school until he has been cleared to do so by the Doctor.

We have been asked to inform you that this condition is infectious and can incubate for up to 5 weeks before symptoms appear. If you or your child has any of the following symptoms, you should consult a Dr and inform them that there has been glandular fever case in school. Symptoms include sore throat, high temperature inflamed tonsils and general fatigue.
