Dear Parents/Carers

Attached are a list of parental consents and information required by school to keep our records up to date.

**Allergies Database:**

It is essential that that we have accurate records at school with regard to any allergies your child may have.

**Children's Photographs:**

From time to time there are some exciting things happening at school in which your child may be involved. Occasionally these events are published in our newsletters or the local newspapers with the children's photographs. Only first names of the children are mentioned.

**Local Visits Reply Slip:**

During the school year, children will from time to time make some local trips as part of the work that they do in school. We require your permission for your child to take part in these visits as and when they take place.

**Use of the Internet:**

Here at Lighthorne Heath Primary School, our teachers use the internet extensively as a teaching tool and sometimes require children to find information on the internet (under supervision). The children may also be allowed to use the internet during wet play times and golden time. As the internet is being used by primary aged children, it is restricted and there are fire walls in place.

Please complete the attached slip giving permission for your child to use the internet at school. If you have any concerns about your child using the internet, please make an appointment to speak to his/her teacher about this matter.

**Dietary Requirements:**

It is extremely important for us to know if your child has any special dietary requirements. Please complete the attached slip to inform us if there are any foods you do not wish your child to eat.

**Jewellery in School:**

Due to health and safety we do not allow children to wear Jewellery in school. Earrings in particular can pose potentially dangerous health and safety issues. In the past we have had incidents involving serious injury to children's ears due to earrings catching in clothing. The slip attached states that you are aware of the dangers to your child if he/she comes to school in earrings

Thank you for your continued support and co-operation in these matters.

Yours sincerely

Michelle Cragg  
Associate Head Teacher
