Some of you may have already noticed that we have had another delivery this week from the Own Books Project. These books are stored in the entrance hall and are for the children to self select and to take home to enjoy at their leisure.

OWN BOOKS © julie de bastion

An innovative book recycling project to help young children without books have their own books at home

WHAT THE PROJECT AIMS TO DO

- 1 Encourage young children to develop an early love of books and reading through choosing and having their own books at home.
- 2 Allow children to select one or two books a week for themselves from the age appropriate categories, to take home when it suits them.
- 3 Avoid any need to buy or obligation to return the books.
- 4 Remove any stress and financial constraints on parents over acquisition of books.
- 5 Encourage parents to read with their children at home

As you are aware, last week due to the heavy rain, we had to close school promptly at 3.00—thank you to all parents who collected children on time, and especially to After School Club parents as the club had to be cancelled at short notice.

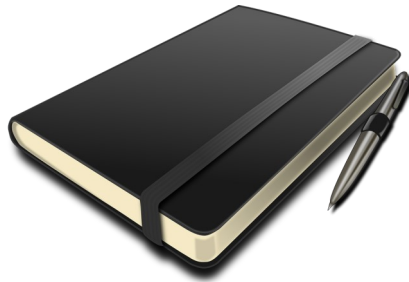

Several members of staff have long distances to travel, and so I thought they needed to try to navigate the flooded roads in daylight. Thank you for your co-operation

Shared Reading

As many children had left early, we used the time to share books, with the older children reading to the younger ones.

Vantage's Week

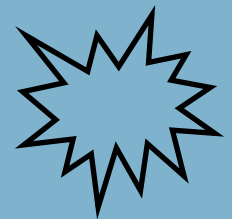

As part of their topic work on 'People who help us' Vantage Class were visited by The Fire Service. Great enjoyment and learning all round.

Vulcan's Week

The winning substance was hand wash liquid

Vulcan Class conducted a **Science Investigation** into what substance (of 4) would create the most bubbles. They had to **predict** an outcome at the beginning, and make sure they had a **fair test** so that the results could be compared. They **showed the results** by forming human bar charts which they could replicate in their science books.

They were joined for this work by some children in Valkyrie and Vantage Classes as some children had left early due to the floods.

Valkyrie's Week

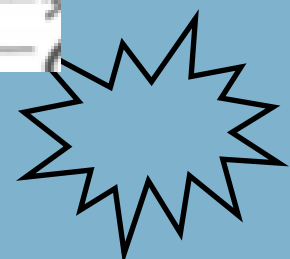

The children have enjoyed getting really immersed in their Tudor topic work, reading 'Treason' by Berlie Doherty and learning all about the Protestant/ Catholic conflict of the times.

Here is Sera's fabulous Newspaper writing about the impending beheading of Anne Boleyn in 1536.

TUDOR TIMES

Date: 18th May 1536 By: Sera Deyak

Anne Awaits the Ax!
The story of Queen Anne's beheading
Tomorrow Anne Boleyn (our
queen) is going to be beheaded
because she committed adultery,
witchcraft and treason. She is
going to be beheaded at the
execution block in the tower
of London. 3 years ago our beloved
king (Henry VIII) married this
woman. It is very clear that
Anne does not love Henry as she
had done before. Queen Anne's
crimes are evident. Luckily our
own monarch has got a quite
wonderful king. He replied
'I should have married her
has already went to court
and has been found guilty (of
course). My colleague @ has
said that she is coming to the
great execution. I hope our
handsome king will find another
wife (not as covinous as a bear
of course). Maybe we will see
you tomorrow at the beheading.
